Al Ghurair Printing and Publishing

Al-Ghurair Printing and Publishing's

Policy is to Provide Security Printing Products and Services for the Non-Governmental and Governmental Institutions worldwide by fully meeting their specified requirements / expectations and to comply with relevant regulations, codes and standards.

PURPOSE

Enhancing Life by Printing Ideas.

VISION

Continue to be one of the pioneers in the SECURITY PRINTING INDUSTRY By Providing Security Printing Products and Services.

MISSION

- We are committed to ongoing upgrades of our infrastructure and employee technical skills, alongside the creation and adaptation of innovative security technologies.
- We aim to instill customer confidence by implementing product-specific security printing concepts, safeguarding both confidential information and inherent value, ultimately promoting peace of mind.
- We strive to be a responsive partner, dedicated to building mutually beneficial relationships with customers and external service providers.

AGPP Management is commited to:

- Continually review and improve established Management of Security Printing Processes (MSPP) system to comply with the requirements of the standard ISO 14298, Intergraf Certification Requirements (ICR). All the applicable statutory regulatory requirements and client requirements which are specified as well as not specified are determined, understood and continually met.
- Identify and assess all the risks including customer Specified risks as well as not specified risks
- Monitoring the status of the risk, the residual score by reassessing the risk at critical junctures to ensure that identified risks are dealt with appropriately and to improve MSPP System continually.

AGPP Management shall:

AGPP Management shall:

- We take ownership of the MSPP's effectiveness. We ensure Security Policy and Objectives align with our company's context and strategy, promoting a process-oriented and risk-aware approach.
- We regularly review our security objectives through internal audits, monitoring, and management reviews to maintain risk-based security measures.
- We ensure the necessary resources for the MSPP are available, including training and support. We emphasize the importance of effective security printing process management and adherence to ISO 14298:2021 and INTERGRAF CERTIFICATION REQUIREMENTS ICR FOR ISO 14298_Version 1_2024 requirements.
- We support other managers in demonstrating leadership within their areas to implement and regularly review the MSPP, empowering all employees to achieve customer satisfaction.
- This policy is communicated to employees, displayed, and available to interested parties upon request. It will be reviewed annually and updated as needed.
